ABOUT US

At CelestraOne, we deliver premium building materials, including Natural Stone (Granite, Marble, Quartzite, Onyx, Agate including exotic ones), Quartz, Porcelain Slab, Marble Mosaic Tiles, SPC/ LVT Glue Down/ Laminate Flooring and many more, tailored for commercial, residential, hospitality, and institutional projects. We source only premium quality materials from trusted suppliers keeping the products offering consistent. Driven by a commitment to sustainability and client success, we combine industry expertise with a progressive approach to building materials. Our team values long-term relationships, offering tailored solutions, transparency, and support at every stage.

We don't just provide materials; we bring your vision to life with products that make a lasting impact.

VISION

"To be the leading global supplier of premium quality, sustainably sourced building materials, transforming spaces while contributing to a more eco-friendly and responsible construction industry."

MISSION

"To provide premium quality quartz, granite, and flooring materials to customers while ensuring sustainability and cost-efficiency."
